Master of Science *in* **MANAGEMENT**

STEM CERTIFIED • OPT EXTENSION ELIGIBLE
OPEN TO ALL LIBERAL ARTS & STEM MAJORS

Your undergraduate education gave you a solid foundation of knowledge and critical thinking skills. But now you need to **stand out from the competition.**

Our 10-month Master of Science in Management (MSM) degree is designed specifically for recent liberal arts and STEM graduates who want to excel personally and professionally in today's challenging marketplace.

The program will provide you with a strong foundation in finance, marketing, operations, business analytics, accounting, economics, information technology, organizational behavior and strategy.

Throughout the MSM program, dedicated career coaches will work with you to assess your career goals, refine your options, and sharpen your interviewing and presentation skills.

Our extensive Wake Forest alumni network and corporate contacts will allow you to make invaluable connections to set your career on the fast track.
